DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 6-21-2004 has been considered by the examiner.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The claims are allowable over the prior art of record because the prior art of record does not teach or suggest a driving-force transmitting part which is integrally formed comprising a coupling portion, a gear portion for driving the developing roller, a second gear portion formed between the coupling gear and the gear portion for driving the transfer roller; a shaft portion, and a non-circular twisted protrusion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Specification

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kamiya (JP09-325620A) teaches a driving force transmitting part comprising integrally formed first and second gear portions.

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Quana Grainger whose telephone number is 571-272-2135. The examiner can normally be reached on M-F 7-4:30.
